## Press release: Taiyuan Steel (TISCO) goes live with Broner Scheduling solution

Jan 05, 2008 13:40:14

Watford UK, 3rd January 2008. Broner Metals Solutions, the world's leading provider of supply chain planning, scheduling and manufacturing execution systems, specifically for the Metals Industry, has announced that Taiyuan Iron and Steel Ltd (TISCO) has gone live with a Broner Scheduling solution at its plant in TaiYuan city, ShanXi province, China.

Taiyuan Iron and Steel Ltd is the number one stainless and carbon steel manufacturer in China, that takes pride in accurate and timely delivery. It will use the Broner Caster Scheduler, Melt Shop Control Centre and Schedule Editor modules to measure and manage its main KPIs, improve visibility of the production process and adherence to plans.

Broner Caster Scheduler performs planning and scheduling of continuous casters and helps maximise productivity of the team responsible for caster and hot mill schedules by creating more accurate schedules, faster.

Broner Melt Shop Control Centre schedules and controls steel production, and is configured to cover a wide range of different process phases from hot metal production, steelmaking and secondary metallurgy to casting and ladle management. It will help TISCO to achieve greater production visibility, reduce delivery times and improve the reliability of delivery dates.

The project took 7 months to implement, spanned three casters in the melt shop and involved integration with existing plant's ERP and manufacturing execution systems.

Nie Haifeng, TISCO Project Manager said, "We believe that Broner modules will fulfil the requirements and expectations that were set prior to the implementation, and will help us to maintain and further improve a high level of customer service."

### About TISCO

Taiyuan Iron and Steel Ltd is a leading Chinese manufacturer of stainless and carbon steel with annual production capacity of 10 million tons with steel output of 6.26 million tons in 2006. It produces sheets, coils, plates, rods, bars, tubes and pipes.

### About Broner Metals Solutions

Broner Metals Solutions specialises entirely in delivering value to the Steel and Aluminium industries. We provide Supply Chain Planning, Scheduling and Manufacturing Execution
