Broner Metals Solutions, worldwide specialist provider of integrated MES, supply chain and scheduling solutions for metals, announced that it has established a separate subsidiary company, Broner Metals Solutions North America LLC, in order to strengthen its operations in North America and to build on the long record of success that Broner has achieved in the Americas.

Broner has been operating and supporting customers in North America for more than 15 years during which time it has established a reputation for managing the challenges and complexities of metals production and meeting business objectives in terms of customer satisfaction, productivity and cost.

Broner has a wide range of customers in North America, which includes: ArcelorMittal Dofasco; California Steel; Essar Steel Algoma; Norandal Aluminum; Severstal North America and ThyssenKrupp Steel USA in Alabama.
